**Address** : Jatinangor, West Java  
**Phone** : 082124620448  
**Email** : azizanabila2211@gmail.com

## PROFILE

I am a Marine Science student at Universitas Padjadjaran with a focus on coastal and coral reef conservation. I have a strong foundation in marine biology and biodiversity protection, supported by practical skills as a certified SSI Open Water Diver. I am passionate about hands-on research and community-based conservation projects. I am currently seeking opportunities to apply my theoretical knowledge and diving skills to real-world marine life monitoring and conservation efforts.

## EDUCATION

|                                                                                             |                            |
